

## Oracle Academy NetSuite Eligibility Requirements

Oracle NetSuite is the world's leading cloud-based business management software as a service (SaaS) solution, and is free to qualified Oracle Academy Institutional members.

Educators can help prepare students for the business world with knowledge and hands-on skills in accounting and financial management; enterprise resource planning (ERP); customer relationship management (CRM), eCommerce; and supply chain and warehouse management and logistics (SCM)—all without installing software on or maintaining desktop or other on-premise systems.

If you are interested in using NetSuite to give your post-secondary students an authentic learning experience using industry-leading cloud applications, you must meet certain eligibility requirements. We have put these requirements in place to help ensure that you and your students have a positive and successful learning experience.

The Oracle Academy NetSuite eligibility requirements are:

- You and your institution must be an active [Oracle Academy Institutional member](#) and meet the [Oracle Academy eligibility requirements](#).
- Your institution must be a post-secondary educational institution, i.e., a two- or four-year college or university.
- You must have previously taught with the Oracle Academy NetSuite offering in the classroom OR hold a current NetSuite certification (SuiteFoundation or above).
- You must reside in a country where local Oracle Academy and NetSuite support is available.

**Thank you for your interest in Oracle NetSuite.**
